

September 2016

Dear Diary,

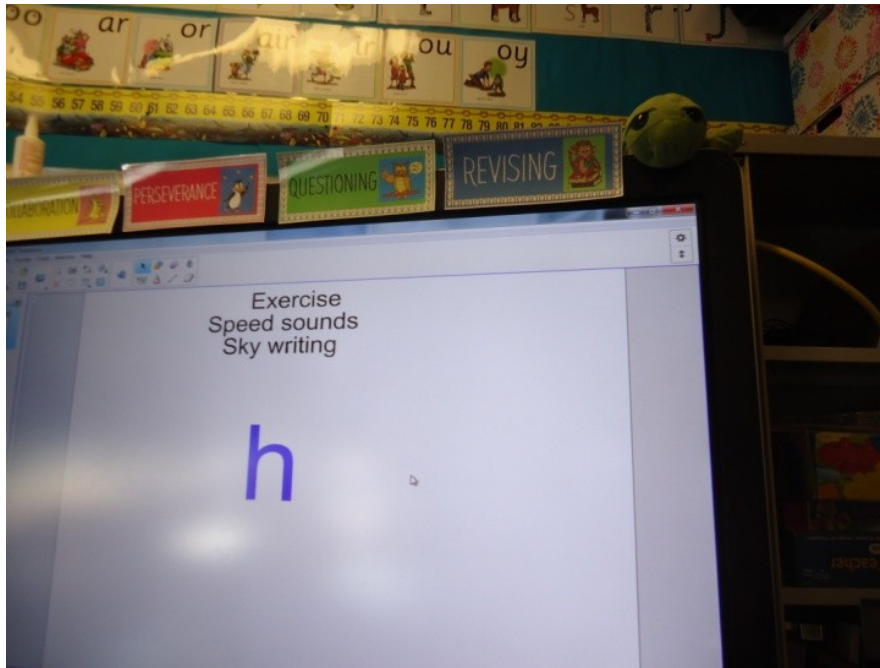

It's been another exciting month here at Wilbury Primary School in London. In England they celebrated 'Harvest and Gardening Day'. Children at Wilbury donated food to send to people who don't have enough themselves – they were very generous!

I also took part in a Computing lesson with class 1A where we learnt about programming and direction using maps. Here I am having a go!

Can you spot me in these lessons?

Speak to you all soon!

Lots of love

Ciboulette xxxx

(p.s. Menthe says hello too!)
